**Astronomy Society
 To See Space Film**

Project Mercury, America's plan to put a man into space, will be the subject of a movie at the Feb. 6 meeting of the San Jose Amateur Astronomers at 8 p.m. in the Moorpark Recreation Building, Moorpark and S. Monroe avenues.

The film was prepared by Ames Laboratory at Moffett Field.

Styczynski Krumm 2/18/61
 CUPERTINO — At a dinner party in their home here, the Walter J. Krumms

Sally Elizabeth Krumm

announced the engagement of their daughter, Sally Elizabeth, to James Stanley Styczynski.

Mr. and Mrs. Stanley A. Styczynski of San Jose are parents of the prospective bridegroom.

Miss Krumm is a senior at Cupertino High School, and takes part in Cupertino Union Church activities. James was graduated from James Lick High School

and affiliated with San Jose Moonwatch Detail, an amateur astronomy group.

He now is stationed at Travis Air Force Base as a future control system mechanic on the U.S. Air Force "Hound Dog Missile."

No immediate plans have been made for the wedding.
