

SAN JOSE AMATEUR ASTRONOMERS, INC.
MONTHLY BULLETIN
FEBRUARY, 1971

Pres.: David Erickson 269-4838
Vice-Pres: Thomas Halliday 296-3169
Secr: David Ambrose 269-8262
Treas: J. Emmet Murphy 287-6378

BOARD MEMBERS

1969-71
Dr. A.B. Gregory 258-6095
Thomas Halliday 296-3169
Trudy E. Bell 244-1096
Michael Szudy 867-4068
Donald Summers 296-1766

1970-72
David Erickson 269-4838
Clayton Neece 378-5574
Bruce Smith 244-6769
J. Emmet Murphy 287-6378

Librarian: Bruce Smith 244-6769
Director of Circulation: David Ambrose 269-8262
Bulletin Contributors: Dwight Leu 867-0533
Joel Frantz 248-3680
Bulletin Coordinator: Richard Glasspool 379-1407
Bulletin Typist: Barbara Glasspool

The San Jose Amateur Astronomers wish to extend a hearty welcome to its newest members. The events we have planned for 1971 are many and range from star parties to planned lectures. The rapid exchange of ideas represents an essential characteristic that the club is proud of. Every member is encouraged to participate in each event, be it a planning meeting, star party, or regular meeting. Our board of directors is going to work hard for you this year and hopes that you enjoy your astronomy to its fullest.

FEBRUARY MEETING - Amateur Speaker

Date & Time: Friday, February 5, 8p.m.
Location: Community Bank, 111 W. St. John, 2nd Floor
Executive Conference Room (enter Community Bank from the rear)

Bruce Smith will speak on "Variations in the earth's magnetic field and its relationship to earthquakes." In just the last few years startling new schemes have been developed for the prediction (and observation) of earthquakes. Bruce will be showing slides as well.

Also, the club's slides from the library will be shown. In addition, Dr. Gregory will present slides of his own (in particular, those taken at the WAA convention last August).

STAR PARTY - Saturday, January 30 at Dusk, at LCO-Observatory site

Culminating will be M79, M38, M1, M36, M42, M43, M78, M37, M35, M41, M50. (See next pages for specific dates.)
Call Dave 269-4838 for directions or rides.

PLANNING MEETING - Friday, February 12, 8 p.m.

Meet at Bruce Smith's, 906 Burbank Dr., Apt #21, Santa Clara. Go upstairs to the south wing. Call 244-6769 for directions. The observatory work parties will be discussed.

Due to Sky and Telescope's increased rates, the San Jose Amateur Astronomers will be forced to also increase its dues. This coming June, the membership dues will be \$10.00 for the year. Contributing member's fees will remain at \$15.00.

Want to print an item in next month's bulletin -- bring it to either the regular meeting or the planning meeting, or call Dwight Leu before the planning meeting at 867-0533. The bulletin will continue to be published the week following each board meeting.

FOR SALE - OPTICA FINDER-GUIDE SCOPE. 25x50 with diagonal and brackets, reticle eyepiece. 258-6095

FOR SALE - 6" reflecting telescope, f/10, with clock drive. Shown at November equipment night. With or without mount. Dave Erickson made the mirror. Make Offer. Contact Mike Szudy at 867-4068

Immediate needs for the observatory are 2x4s, 4x6s, etc. for the roof.

MID-YEAR NEW MEMBERS (complete membership list will appear in Aug)

Chapman, Randy	1650 Rocky Mountain Dr, Milpitas 95035	
		263-1943
Day, Bill E.	1441 Pinehurst Dr, S.J. 95118	264-9720
Hague, Ron	1097 Nottingham Pl, S.J. 95117	246-7707
Kruse, Steve	1247 Washoe Dr, S.J. 95120	264-6346
Maher, Brian	1254 Washoe Dr, S.J. 95120	269-8309
Merritt, David	1211 Becket Dr, S.J. 95121	225-5460
Vaughan, Clifford R., Jr.	4372 Indigo Dr, SJ, 95136	264-3321
Yamate, Winston	3553 Amber Dr, S.J. 95117	248-9797
Zumbrunnen, John	20412 Chalet Ln, Saratoga 95070	867-1262

Change of Address:

Wollan, Craig A. 2302 Carlmont Dr, Apt. 3, Belmont 94002
593-1945

JANUARY

Culmination for Messier Objects - 10 p.m. Local Mean Time

key: G.N., Gaseous Nebulae
 GAL.C., Galactic Clusters
 P.N., Planetary Nebulae
