JUST A FEW ITEMS: (1) The constitution amendments were passed at the meeting of Sept. 5, 1975.

(2) THIS WILL BE THE LAST MAILING TO MEMBERS WHO DID NOT RENEW THEIR MEMBERSHIP FOR 1975-1976.

(3) Correction: The first comet picture was taken by Gerry Rattley. Jack Zeiders took the first color shot.

(4) Celestial music floated over Mt. Umunhum at the last star party.

(5) Your editor may not have been the first in the world to report Nova Cygni 1975, but he was the first on the Pacific coast. (Pardon the blowing of my own horn but this is my only claim to fame.)

(6) See Don Alber's article in the latest Mercury Magazine (ASP).  
Oct. 3, 1975, 7:30 P.M. at Glinder Center. Space Colonization talk delivered by Dr. Coise, executive director of the Astronomical Society of the Pacific and editor of Mercury Magazine. (See flyer.)
