

Minutes of Jan 7 Planning Meeting
Meeting held at John Delaney's home

Board of Directors Meeting held prior
to membership planning meeting

Board of Directors voted formal acceptance
of new members Ed Kumpen and Gary Pendleton

Board decided to call for vote of acceptance
on Newly written By-Laws.

Bob Ferguson announced that Chas
Gardiner has a friend who will build
a scope tube at 1/2 cost plus no labor (6.0)

The Board discussed vote of thanks to
E. Miller.

The advisability of writing a letter
to the general manager of Permenter
in order to obtain an available 24"

Bob Ferguson volunteered to write
the letter and his offer was accepted.

Walter Krumm proposed inviting a
professional speaker to our meetings.
Board also discussed inviting a Tech
Observatory professor to speak on
"Observation and possibly show a film
on this topic."

H. Phelps was detailed to contact
the Curator concerning the possibility
of using a room suitable for showing
a film to 150 people.

Walter Krumm proposed displaying a
wall chart as appeared in January issue of Sky

Star Gazers Search For Satellite

Three local amateur astronomers are shown above scanning the heavens for Russia's

satellite, Sputnik. Pictured are Carl Hart, Ira Randall and Frank Galvin. The sky watch-

ers couldn't spot the satellite at the time this picture was
